Healthy people. Healthy communities.

Weight of the Fox Valley (WOTFV) envisions a community where healthy eating and active living are the norm, and all people have an opportunity to live healthy, achieve and maintain a healthy weight, and avoid a life of chronic disease. This will happen through collaboration and commitment from many diverse and influential partners and community members, working together to create a culture of health in Calumet, Outagamie, and Winnebago Counties of Wisconsin.

United Way Fox Cities and Oshkosh Area United Way together form the backbone of the WOTFV initiative.
